**STATEMENT PURSUANT TO MPEP §708.02(II) IN SUPPORT OF
PETITION TO MAKE SPECIAL UNDER 37 C.F.R. §1.102(d)**

Alameda, CA 94501
March 5, 1999

Commissioner for Patents and Trademarks
Washington, D.C. 20231

Sir:

Applicants, in the accompanying petition under 37 C.F.R. §1.102(d), respectfully request that the above-referenced application be granted special status because of actual infringement.

Pursuant to MPEP §708.02(II), I, the undersigned, state that (1) there is an infringing product actually on the market, and (2) I have made a rigid comparison of the infringing product with the claims of the present application, and, in my opinion, some of the claims are unquestionably infringed.

The present case is in the final stage of an appeal and, thus, has been examined extensively during the previous prosecution. In view of this, I further state that a thorough search of the prior art has been carried out and all references are already of record.

Respectfully submitted,
